Dubow Family Foundation

The Dubow Family Foundation has provided funding for arts programs throughout the region. In 2018, the Foundation gave over \$100,000 to support the arts in northeast Florida. This included support for art preservation at the Cummer Museum and arts education at Douglas Anderson School of the Arts. General arts support was provided to the Jacksonville Symphony Association, Jacksonville Symphony Orchestra, Theatreworks, The Cultural Center at Ponte Vedra Beach, Jacksonville Children's Chorus, Opera Jacksonville, and The Florida Theatre.

Dubow's interest in giving is further demonstrated by his serving on area nonprofit boards, including the Board of Directors for The Community Foundation of Northeast Florida.

Through Mr. Dubow's efforts and that of his family foundation, he has been instrumental in creating a vibrant arts community in the Beaches and great northeast Florida region.

Preston Haskell

For more than 50 years, Preston Haskell, founder of The Haskell Company, has fostered a culture of charitable giving and volunteering among Haskell's team members. He has focused the philanthropic arm of his company on support of the arts as essential to our community's quality of life. In addition to philanthropic support of the arts, Mr. Haskell has served as Chairman of the Board for the Jacksonville Museum of Contemporary Art (MOCA), the Cummer Museum of Art, and the Jacksonville Symphony Orchestra.

The Haskell's are avid collectors and promoters of works of art and have an extensive collection that they regularly loan to museums for public display. The artworks are actively curated by a collections care specialist to ensure the art pieces will be available in pristine condition for future generations.

Haskell's financial support, service, and active preservation of artworks demonstrate his longstanding and continuing support for sustaining a vibrant arts community in northeast Florida and beyond.
